OUR SERVICE

"My background as a dentist gives me real insight into the oral injuries that can occur during contact sports. When a child loses teeth from a sporting accident the consequences last a lifetime because unlike bones, teeth don't heal. In almost every case the damage could have been prevented or reduced by wearing a well-fitting mouthguard."

Dr Anthony Lovat, BDS
OPRO Founder

PROTECTION LEVELS

The aim of any mouthguard is to protect your teeth and soft tissue from injury when you're taking part in a contact sport. We offer 3 protection levels so that you can choose the most suitable for you and your sport.

Mid-Impact is suitable for contact sports involving a ball such as rugby, handball and basketball.

Hi-Impact is suitable for stick and all combat sports such as hockey, lacrosse, boxing and MMA or athletes participating in contact sports seeking high protection.

Pro-Impact offers the ultimate protection and comfort. This uniquely designed mouthguard consists of three layers and offers top of the range protection. It is suitable for athletes seeking the most protective mouthguard for their sport.

QUALITY ASSURANCE

OPRO mouthguards were the first mouthguards to be awarded legal CE certification.

MADE TO MEASURE

Individually shaped for a unique custom fit.

QUALITY ASSURED:
CE Mark

EXTRA PROTECTION:
Laminated layers provide consistent protection

BREATHE EASY:
Specially shaped palate to improve breathing and speech

ADDITIONAL FEATURES

ANTIMICROBIAL PROTECTION

Based on silver ion technology and completely safe for use in the mouth, Biomaster's antimicrobial additive is proven to inhibit the growth of bacteria by up to 99.99%.

The Biomaster additive is embedded in the gum shield, as well as in the Antimicrobial case.

D3O TECHNOLOGY

If you select D3O when building your gum shield, you will get a slimmer, more comfortable mouthguard without compromising on protection.

The D3O layer will absorb more energy at the point of impact than a standard mouthguard.

FAQ

What additional benefits do you have?

- £10 off replacement mouthguard
- Delivery to school/club or home
- 7-10 day turnaround

Do you make mouthguards for brace wearers?

Yes, we do! After you have chosen your design and added any additional features, at the next step in the order process please choose the option that applies to you from the list available.

OPRO are coming to my school/club, who takes my impression?

We will send a dental team who are GDC registered.

What is the Dental Warranty?

In the unlikely event of accidental tooth injury or loss, the mouthguard wearer can claim towards the cost of remedial treatment undertaken during the warranty period. OPRO Dental Warranty* is valid for 12 months from the manufacture date of the mouthguard and covers up to £22,500.

*Terms and conditions apply, visit opro.com for more details.
